Total		**31**	

Spring semester 2027 (January - end of April)

Name of the international semester			
Course name + link to study guide	**Course code**	**ECTS credits**	**Prerequisites / quota of students / weekly schedule etc.**
Basics of Research and Bachelor's Thesis *	TE00CE07and TE00CM26	1+19	The topic will be chosen together with the partner institution. One credit includes studies on the basics of research.
Innovation project **	TE00BL66	10	The student conducts research or projects and gathers information in collaboration with other students in the field.
Total		**30**	

***Please note that thesis supervision and research methods courses are available to exchange students from partner universities in limited numbers. Allocation of thesis themes is based on availability.**

****Innovation project is typically a multidisciplinary development project implemented in co-operation with a company or another external customer. The project may also be a part of Turku University of Applied Science's internal research and development activities. Students select their preferred projects they want to work with.**
